FIRE AT INFIRMARY

Coal Rolled Off the Grate, Burning Large Hole in Floor.

The Superintendent's residence at the County Infirmary was saved from destruction by fire Thursday night by timely discovery.

Sometime past midnight Mr. Rosser was awakened by the smoke that entered his sleeping apartments, and about the same time the servant girl made the discovery that the dining room was afire.

By the united efforts of the household the fire was extinguished after a large hole had been burned in the floor.

The fire was caused by a lump of coal falling off the grate.

Had it gotten beyond control there is no doubt but that some of the helpless inmates would have been incinerated, as the cottages in which they are housed surrounds the Superintendent's house. It was a close shave. The loss is small.

THEY'VE found a Chicago man who has had thirteen wives. He had 'em to burn; but it seems he preferred to poison them.

WHAT'S the matter with removing the Capitol to Hopkinsville?—Hopkinsville New Era.

Aren't you satisfied with one State Lunatic Asylum?

THERE is a truce in the war between Russia and Japan, and between BECKHAM and BLACKBURN; but the conflict still rages between the Editors of The Courier-Journal and The Evening Post at Louisville. Stop it, gentlemen; the public doesn't care a rap about your private business affairs.

THE Grand Jury of Fayette County has indicted Judge JAMES HARGIS, County Judge of Breathitt county; ED. CALLAHAN, Sheriff of that county; ALEXANDER HARGIS, ex-Senator from that District; ELBERT HARGIS, brother of the County Judge and ex-Senator, and JESSE SPICER, a Deputy Sheriff under Sheriff CALLAHAN, for conspiring to kill JAMES COCKRILL, City Marshal of Jackson, who was shot from the Courthouse window in Jackson over two years ago. When it is remembered that all these men are Democrats and that Judge HARGIS is also a member of the Democratic State Central Committee, it looks like Republicans are not the only "assassins" in Kentucky.

The result of the recent uprising in St. Petersburg and Moscow will simply be the banishment of a few thousand poor devils to Siberia, there to suffer living death.

THE Courier-Journal offers \$100 to some one who will tell it the best way to advertise Louisville.

Well, here goes—
Keep your police force out of politics;
Do away with your daily murder habit;
Have fair elections—a free vote, and every vote counted as it was cast.

When you have done these three simple things, it will be the biggest advertisement Louisville ever had.

P. S.—Your personal check on your own Bank will be accepted.

Political Pickings

KENTUCKY'S COSTLY JUSTICE.

Charleston (S. C.) News and Courier, Dem.

A fund of \$15,000 is being raised in Kentucky by popular subscription to defray the expenses of a new trial for Caleb Powers, who was condemned to death for the part he is accused of playing in the murder of Goebel. Commenting on the undertaking, The Louisville Herald says—

"It is a large sum that is asked for, but it is not more than will be needed to safeguard his interests and those of the state in the matter of impaneling impartial juries for the trial of men on trial for their lives under great political pressure. The cost of an appeal of James B. Howard to the United States Supreme Court will be about \$3,000, without any fee for the counsel or any cost of trial—merely for the transcript of evidence and argument of the law. It is easy, therefore, to see that \$15,000 will be required to cover all the expense of Mr. Powers's trial."

There are, of course, many people who believe that the life of Powers has been fairly forfeited under the law; but since a new trial has been granted it cannot be contended that this fact has been duly proved to the satisfaction of the members of the Court of Appeals of Kentucky. In these circumstances, the excessive cost of the litigation contemplated may well set people to thinking. Few men on trial for their lives might count upon money being raised by popular subscription to obtain justice for them. Equally so, few men could individually provide \$15,000 for their own defense, whatever the issue at stake.

It is no matter for the moment whether Powers is innocent or guilty. The thought that so much money is necessary to protect him in his rights, whatever they may be, is a sad commentary upon the administration of law in Kentucky.

Meat is Smoked

To preserve it. The preservative should be evenly and thoroughly distributed over the surface so that no part will be exposed to the attack of germs or insects. This is better accomplished by the application of

than by the old smokehouse way, and is done quicker and costs less. Our Smoker is the condensed smoke of hickory wood. By its use softening and shrinking of the meat is avoided. The preventative or loss of weight pays for the Smoker several times over.

River News

The Ohio is falling.

The Allegheny river is reported running out large quantities of ice, hampering river craft in the upper Ohio.

The Jim Wood took the model barge Nebraska to Louisville in the ice from Pittsburgh containing 1,400 tons of nails and wire.

The United States steamer Golden Rod is now in the Pittsburgh harbor. She inspected all lights and stations from Cincinnati to headwaters.

The towboats E. R. Andrews and Robert P. Gilham passed up the river together a day or so ago with a fleet of empty barges in a very strange fashion. The Andrews had two barges in front and twenty-two behind, strung two abreast by a cable, while the Gilham was pushing them in the rear. This was done on account of the floating ice, which packs against and under barges.

The Tacoma, on her trip out of Cincinnati this week, had an immense load of freight. The boat was compelled to tie up here on account of the ice.

The ice forced the Joseph B. Williams to the bank at Ripley and the Ironsides at Moscow. Both of the boats were bound for Pittsburgh with loads of empties.

Councilman Lyne Herndon of Louisville has recovered from a spell of sickness.

Mr. H. W. Gnadinger and Miss Maude Daniels were married a few days ago at Cynthiana.

The loss of the big Augusta fire is estimated at \$10,000 or \$12,000, with \$7,000 insurance.

Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker of Porterville, California. "There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventative of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to anything. The fact is that few people are satisfied with any other after having used this remedy. For sale by all Druggists."

A most delightful affair was the reception given by Mr. and Mrs. Thomas H. Gray on Tuesday evening in honor of their guest, Miss Elizabeth Mitchell of Maysville. The exquisite taste of the charming hostess was everywhere displayed in the charming arrangements of their home, and the graceful manner in which their guests were entertained, while the beautiful toilets of the ladies added a touch of brightness, and with the happy faces of all present made the occasion one long to be remembered.

Looking Backward

Breezy Letter From a Long-Absent Maysville Boy

CHATTANOOGA, TENN., Jan. 25th, 1905.

Editor Public Ledger: Your homily on Mr. Clarence Sallee, published in your issue of the 23d, forced me to a realization of the fact that it has been just a little over a quarter of a century since I shook the ashes of Court street from my leggings and took the M. and L. train for the State College at Lexington.

It also reminds me that it had been about seventeen years since, on the motion of the late Hon. James H. Sallee, made in open Court at Vanceburg on the day the first train was run to that town, that I was admitted to the Bar.

These reflections led me to look for a few familiar names in your advertising columns.

I found really a surprising number "still doing business at the old stand" considering the twenty-five years which have elapsed. "John C. Pecor, Pharmacist," suggests to my mind the Emporium of Blatterman & Co., where Johnnie was the darling of the Doctors; D. Hechinger & Co. suggest the "Red Corner," a string of yarns at the expense of "Gum" Blum, and a string of race horses at the expense of the junior member of the firm; J. Wesley Lee was the Beau Brummel of those days; D. Hunt & Son's remain a monument to the memory of Mullins & Hunt; Henry Pecor sold shoes for Mr. Miner; the display advertisement of Mrs. L. V. Davis is still up-to-date. I wonder how many teeth Dr. Tom Smith has extracted since the last time he was chastised by Henry Blaisdell?

W. H. Means, Manager, still appears in public, though his shoes do not bear O. & B. brand as of yore.

These reflections take me back to the days when Judge Tom Phister, his brother, Frank, Rob Cochran, Frank McGranahan, Howell Barkley, Charley Power, George and Ben Thomas and Will January and all the rest of the Third street gang played "catcher" over the Presbyterian Church fence and ran through the Court-house hall crying at the tops of their vicious voices, "A. B. C. stands for Aunt Becky Clark!" and were promptly pursued by the Janitress, broom in hand, stick foremost.

While many changes have taken place in your advertising columns in these twenty-five years the percentage is less than those occurring in Chattanooga in the seventeen years I lived here.

Out of fifty houses in the center of the retail district, only fifteen are now conducted by the same firms who were running them when I first came here. Most of those who have departed have either gone into the wholesale business or retired on fortunes.

There is a very good sized Maysville colony here. Ben Thomas is getting rich out of cocoa; Lee Holmes is running two or three railroads; Hiram Pearce is financing all the good things that come his way; Mike Redman is running one or two drygoods stores; Reed Chunn is supplying the South with machinery.

Dr. R. B. Garrett of the Baptist Church has gone to Virginia, but the effects of his good work will last as long as memory.

Walter Watson blew in the other day and took orders for a supply of Ben Poyntz's famous fuel from some of our prominent "Life Saving Stations."

When I was a boy there were twenty-three of these institutions on Market street in Maysville between Front and Third streets. Is the town still growing in that direction or has the number been stricken down by the ruthless hand of Time?

Stomach Troubles and Constipation.

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Cullman, a druggist of Potomac, Mich. "They are easy to take and always give satisfaction. I tell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint." Can't be equalled in Maysville, either in price or quality. PERFECT FLOUR always gives satisfaction. If you want the best at all times don't buy any other brand. You know I would not sell it and recommend it for sixteen years continuously if it was not what I claim for it—always the best. Those extra fine fall catch MACKEREL are going like hot cakes just because they are what I recommend them to be—the finest that can be bought. Remember, I guarantee everything I sell to be just as recommended. If I tell you an article is the best, and you find it is not, return it and get your money back. "My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Hubbard, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried; in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by all Druggists.

 know that there is at least one cured disease that
 science has been able to cure in all its stages, and
 that is Catarrh. Hall's Catarrh Cure is the only
 positive cure now known to the medical fraternity.
 Catarrh being a constitutional disease, requires a
 constitutional treatment. Hall's Catarrh Cure is
 taken internally, acting directly upon the blood
 and mucous surfaces of the system, thereby de-
 stroying the foundation of the disease, and giving
 the patient strength by building up the constitu-
 tion and assisting nature in doing its work. The
 proprietors have so much faith in its curative
 powers that they offer One Hundred Dollars for

UNDER SOUTHERN SKIES.

"Under Southern Skies," the attraction at
 Washington Opera-house on Thursday, February
 2d, is one of the most successful plays now
 before the public. Although it has never before
 been presented in our city, it comes with the
 indorsement of three phenomenally successful
 seasons in the East. "Under Southern Skies"
 is unlike any play of Southern life that has
 ever before been presented. It deals with the
 social side of aristocratic Southern people and
 the story woven about them is one that could
 occur in no other part of our country. The
 customs, habits, and ways of speech of the high
 bred Southerners and their darkey servants are
 delightfully set forth and the play is full of life,
 color and gaiety. A Hallowe'en celebration is
 one of the big hits of the play. "Under
 Southern Skies" is a strictly first class pro-
 duction in every way and will no doubt be wel-
 comed here by one of its usual large houses.

Mr. Ward Taylor, a prominent young Bracken
 county farmer, and Miss Lizzie Alke of near
 Augusta will wed February 28th.

Mr. C. Ed. Geisel and family have moved
 into the residence of Mr. G. W. Geisel in West
 Front street.

Save Your Daughter

No. 135 West 88th Street,
 New York City, N. Y., April 3, 1903.

Wine of Cardui has been a blessing to my home. I have
 often found that it was a great relief when I was weary or in
 pain, but I am especially grateful for what it did for our
 daughter and only child. I noticed that her menses were
 tardy and she suffered with headaches and giddiness, heaviness
 in the abdomen and about the joints. This seriously in-
 terfered with her studies and she had to discontinue several
 of them.

A visitor calling on me and discussing the matter suggested that I give her a course
 of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my
 daughter had used it for five weeks I found
 a great improvement in her looks, health
 and behavior, in fact she was a different
 girl. The flow became regular and we
 have not had any difficulty since.

WINE OF CARDUI

Here the menstrual function had not been properly started and the un-
 natural condition was making the young girl an invalid. The headaches and
 giddiness, indicated something more than a mere temporary ailment. They
 were symptoms of a functional weakness which would become more and more
 aggravated as years went by. But Mrs. Thompson was ready to take advice
 for her daughter's welfare and she gave the little sufferer Wine of Cardui and
 now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good
 mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of
 every ten. Young girls, mothers and aged women find this tonic indispensable.
 All druggists sell \$1.00 bottles Wine of Cardui.
